Five Core Program Areas
The Club offers daily access to a broad range of programs in five core areas. Club programs foster a sense of belonging, competence, usefulness and influence that builds self-confidence and self esteem.

Character & Leadership Development empowers youth to support and influences their Club and community, to sustain meaningful relationships with others, to develop a positive self-image, to participate in the democratic process and to respect their own cultural identities as well as those of others. Examples: Keystone Clubs, Torch Club, Youth of the Year, and community service projects.

Education & Career Development enables youth to become proficient in basic educational disciplines, to apply learning to everyday situations, and to embrace technology to achieve success in a career. Examples: Power Hour, homework help, tutoring, reading help, computer/internet programs, and educational games.

Health & Life Skills develops in youth an understanding that positive behavior can nurture their own well-being, help set personal goals and help them live successfully as self-sufficient adults. Examples: SMART Moves, DATE SMART, SMART Girls, Passport to Manhood, SMART Movies, cooking classes, and health and prevention programs.

The Arts enable youth to develop their creativity and cultural awareness through knowledge and an appreciation of the visual arts, crafts, performing arts, and creative writing. Examples: drawing, dance, painting, photography, sculpture, and drama.
Mission Statement
The Boys & Girls Clubs of the Northland’s mission is...
To empower and inspire all young people, especially those who need us most, to reach their full potential as caring, productive, responsible citizens.

Who are we?
The Boys & Girls Clubs of the Northland is part of a nationwide affiliation of local autonomous organizations and Boys & Girls Clubs of America working to help youth of all backgrounds, with special concern for those from disadvantaged circumstances, develop the qualities needed to become responsible citizens and leaders.

We are dedicated to ensuring that our community’s youth have greater access to quality programs and services that will enhance their lives and shape their futures. As young people experience the totality of the Club it becomes a place of hope and opportunity.

The Clubs are facility-based, have over 60 paid professional staff supplemented by part-time volunteers, and offer daily access to a broad range of programs that promote the health, social, educational, vocational, character and leadership development of girls and boys served.

Today, hundreds of boys and girls take advantage of the programs, activities and services provided by the Boys & Girls Clubs of the Northland daily. They benefit from trained, caring, professional staff and volunteers who help young people take control of their lives, envision productive futures, and achieve their goals.

What do we provide?
A Safe Place...for those who may be left alone after school or on the streets with no guidance. The Club is a safe place for kids to play and be themselves.

Lost and Found
Personal belongings should be properly marked and stored at the front desk. Articles lost or stolen are not the responsibility of the Club. Members must take home all projects and personal belongings each day. Lost and found items are collected and kept for one week. To claim an item in question, it must be described to a professional staff member at the front desk. After 90 days, all unclaimed items will be donated to a local charitable agency.

Internet Usage
You must complete the full membership packet, including the Internet permission form in order for your child to use the Internet. Your child is also required to complete an online safety course annually, before they are allowed access to the Internet.

Out of Club Contact
While the Boys & Girls Club maintains on-going policies of carefully screening both volunteers and paid staff, it is in the best interest of all concerned, (the Club, its staff, and the members and their families) that all contact between the staff and members be on a professional basis in the context of Club programming. Therefore, the Boys & Girls Club specifically discourage the establishment of personal, Out-of-Club relationships between staff and members.

Since the Club recognized the discretionary power to allow for exceptions to this rule, the Executive Director will determine whether specific acts are in violation of this policy on a case-by-case basis. Out-of-Club contacts must be pre-approved by the Executive Director.
**Medication**
It is the policy of the Boys & Girls Club not to dispense medicine to children during Club hours. If a child requires medication during program hours as directed by a physician, staff will administer the prescribed medication only in an emergency and with written instructions and authorization from the parent/guardian as provided on a Request for Staff to Administer medication form. Club staff are not trained to administer medication of any kind, including over the counter drugs. Please do not send any medications with your child. Any medications will be confiscated by staff. Please make alternate arrangements with your child if he/she is in need of medication.

**Pictures**
Pictures and videotape are taken throughout the year to use for promotional purposes. Please notify the site Branch Director if you do not give permission to have your child’s photo taken or videotaped.

**Surveys & Questionnaires**
Periodically members are asked for their feedback by participating in surveys and questionnaires regarding their Club experience, behaviors, skills, attitudes, and beliefs. This information is used to let us know how we are doing, how we can improve our services, how we are making an impact, and for grant reporting purposes. Information gathered from these measures is reported confidentially and collectively. Please notify the site Branch Director if you do not want your child to participate.

**Spending Money**
Parents and/or guardians are encouraged to give their children personal spending money if needed for Club activities, programs and/or field trips. Snack and food items are available for purchase at each Club. In addition, a meal/snack is provided daily at each site.

**Personal Belongings**

**Life-Enhancing Programs**...that can open young minds. The Club exposes youth to new ideas and skills that prepare them for life. We teach the importance of character in all our programs.

**A Relationship with Caring, Trained Adults**...the better the programs; the more children we can attract; the more likely they will build a relationship with a caring adult; the more opportunity our Club can positively influence the character of a child.

**Hope and Opportunity**...as young people experience the Club, we become a place for hope. Hope leads to increased confidence and a brighter future.

**What is My Role as a Parent/Guardian?**
Parents and guardians play vital roles at the Boys & Girls Club. It is important that the parents or guardians be involved with the growth and development of each member.

Our purpose at the Boys & Girls Club is to provide assistance to the parents or guardians with their children. You are the primary role model in your child’s life. **Youth Development Strategy**
The efforts of youth professionals, parents, guardians, volunteers, concerned citizens, schools and local agencies come together to provide opportunities for our children to live full, satisfying and productive lives. It is important that all programs and activities promote these efforts to their full potential.

The youth development strategy is designed to build self-esteem and allow our children to grow into responsible and caring adults by using four basic principles. These four principles are described as senses:

- **A sense of competence**
  Young people feel proud and confident when they acquire new skills and know they can do something and do it well.

- **A sense of usefulness**
  Young people know the satisfaction of doing something of value for others.

- **A sense of power or influence**
  Young people know their opinions are heard and valued, giving them a sense of power or influence.

- **A sense of belonging**
  Young people know they are welcome, feel they fit in and are accepted.

**Professional Staff**
The Boys & Girls Club has a professional staff of full and part-time employees as well as volunteers. Staff members and volunteers are trained and kept advised of the changing trends throughout the youth movement.

**Open Door Policy**
The Boys & Girls Club has an open door policy. This means it is your responsibility as the parent or guardian to make sure your child remains at the Club, and does not leave the premises when you expect him or her to be there. We urge you to please emphasize this with your child, as the Boys & Girls Club cannot be responsible for your child if he or she is not on the premises. Once your child checks out of the Club, your child will not be allowed to re-enter the facility until the following program day.

Once your child is registered as a member, he or she will be issued a membership card. **This card will be a requirement for entry into the Club.**

**Membership Fees**
Membership is open to youth between the ages of 6-18 years. Membership is open to youth without regard to race, color, disability, religion, or national origin. The annual membership dues are $10.00 per child. Parents must fill out a registration form and releases for their child to participate in activities. Memberships are renewed every program year (September-August).

**Non-Smoking and Drug-Free Environment**
All facilities, properties, grounds and events are non-smoking and drug free. Alcohol, non-prescription drugs and any other substances are strictly prohibited. Everyone is expected to report any smoking or drug use to a staff member immediately.

**School Attendance**
Your child must be enrolled and actively attending school to be a member of the Boys & Girls Club. **If your child did not attend school, excused or unexcused, they will not be allowed to attend Club that day.**
